PAINÉIS DE ACM COM PERFORMANCE PARA COMUNICAÇÃO VISUAL

Na comunicação visual, cada detalhe comunica. Por isso, escolher o material certo faz toda a diferença no resultado final.

ALUSIGNPRO® é a linha de painéis de alumínio composto desenvolvida pela ProjetoAlumínio®, especialmente para quem busca acabamento impecável, resistência e durabilidade em fachadas comerciais, totens, frontlights, painéis e outros elementos de identidade visual.

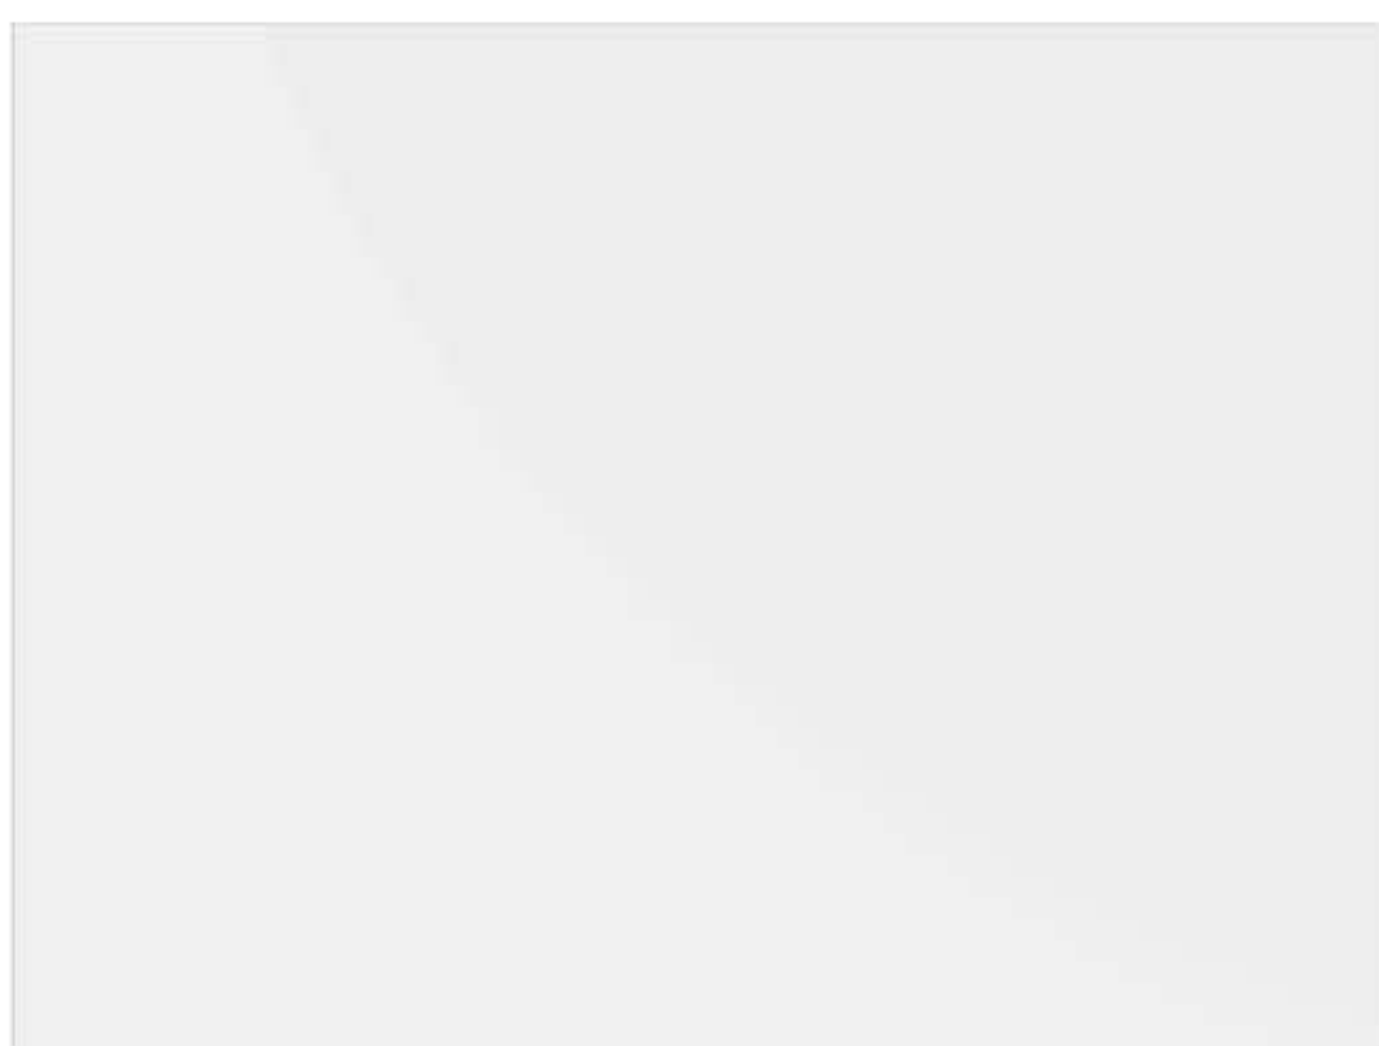

Com núcleo de baixa densidade e excelente planicidade, os painéis de ACM garantem fácil usinagem, corte preciso e instalação ágil, otimizando o tempo de produção e elevando o padrão de entrega.

A escolha certa para quem entende de fachada. A solução ideal para quem entrega resultado.

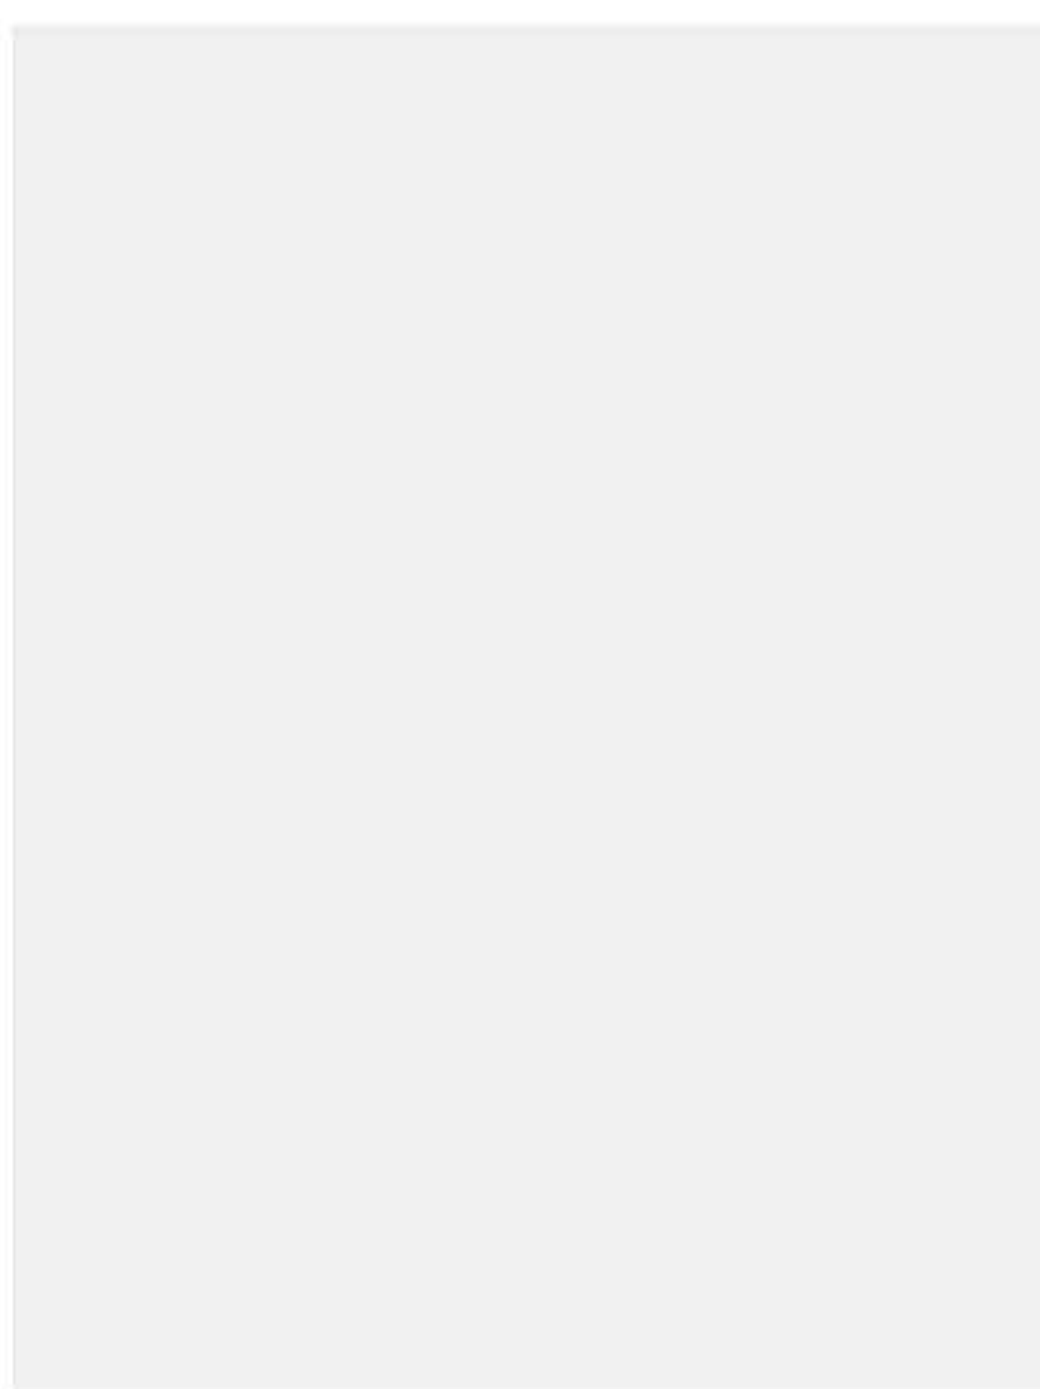

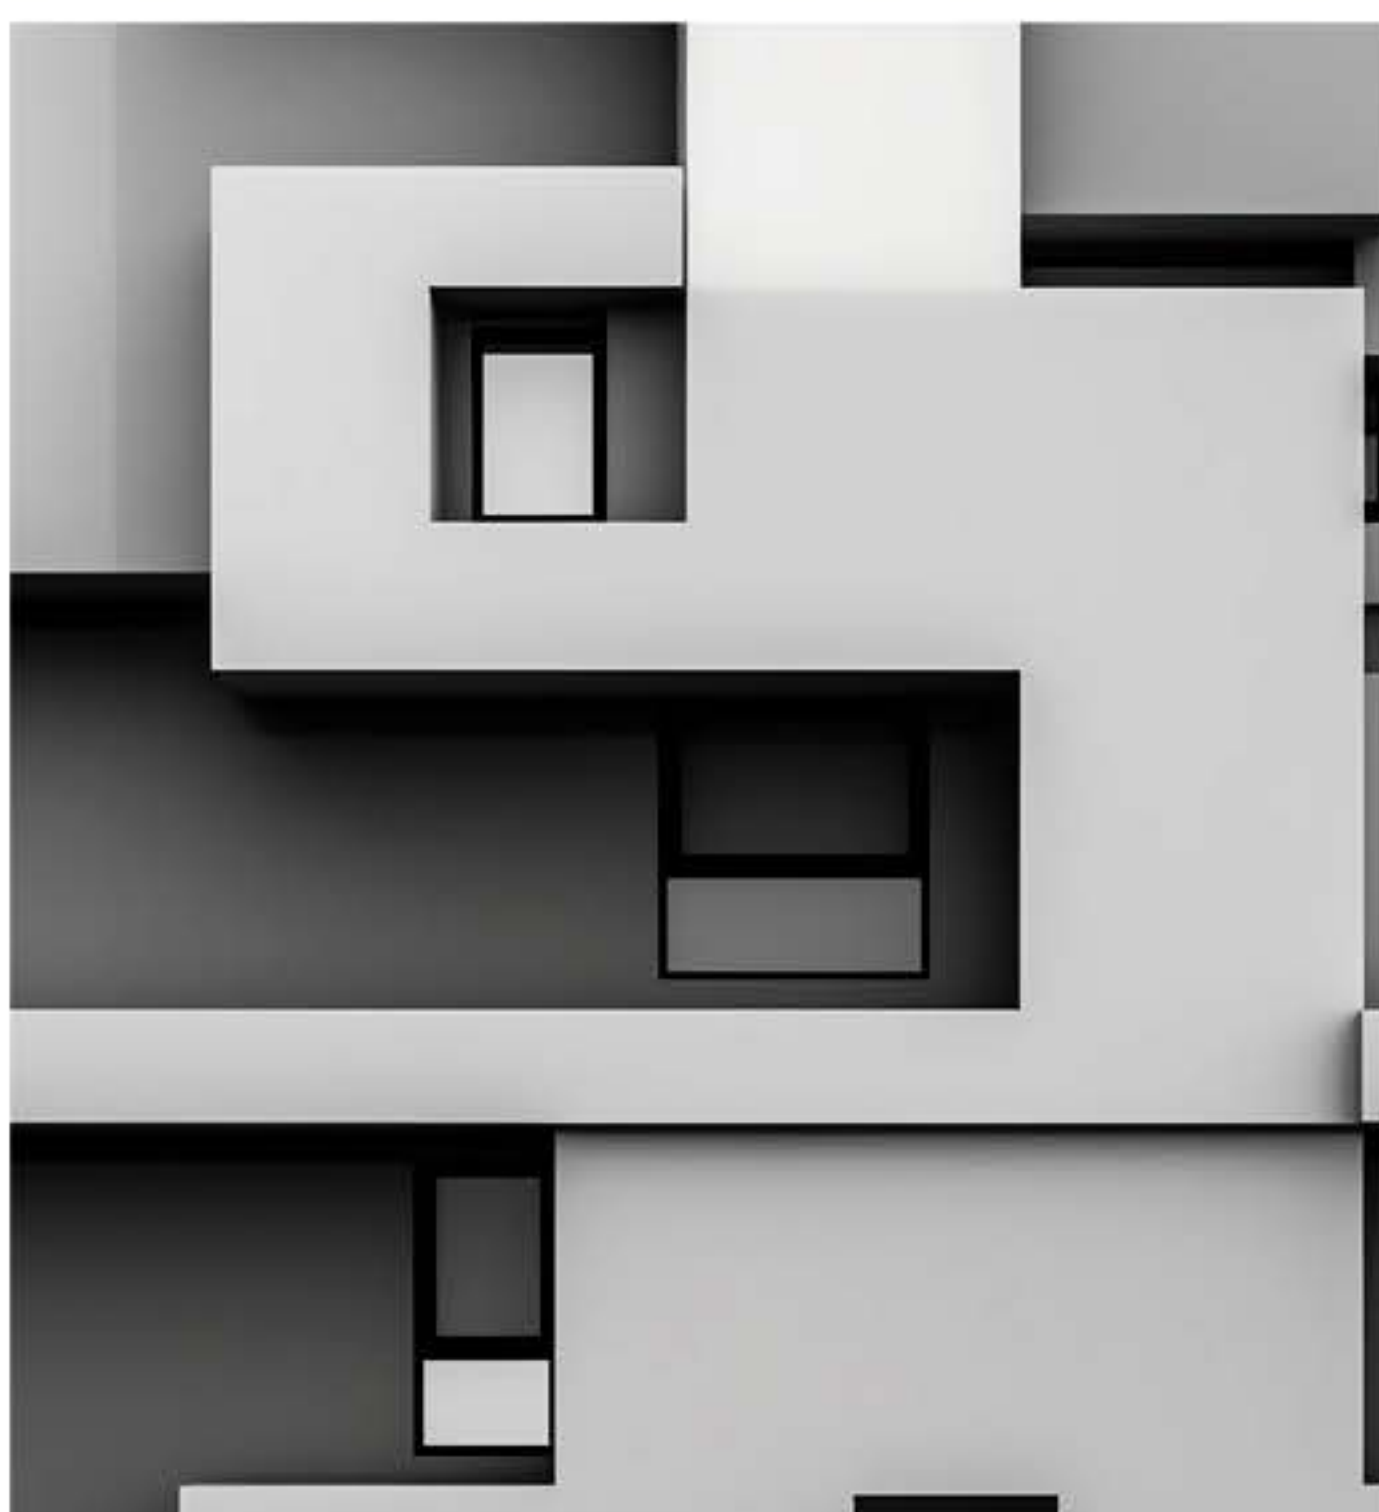

A linha ALUSIGNPRO® conta com garantia de 5 anos contra desbotamento.
